Jim

We'll need to confirm Burt's availability tomorrow - he would likely attend in person, Eric and/or I would probably call in.

Chip

Meeting re LRM

Chip,

Based on Jay's availability and our team's respective schedules it looks like next Friday, Oct. 22 works best for scheduling a meeting to discuss the LRM. For the LWG we plan on having John (and few folks from Windward) and Kevin Parrett attend the meeting, with me and Mark Lewis calling in.

Can you please let Jen know the following:

1. Who from EPA plans to attend.
2. If EPA can attend the meeting in Seattle at Windward's office (which is limited to about 10 people).
3. What time EPA is available on Friday. We think 2 hours should suffice, so let us know which time range works best for your team. We probably want to start a bit later in the morning to accommodate folks who need to travel.

Thanks,

Jim McKenna
